Hi Captain,
We thought it would be a good idea to meet with the person who previously ran this program for our office. Another good reason to meet with her is that she is now one of the main judges on the cases that come out of Central Division. She might have some good ideas and suggestions on what innovative programs the court could offer or suggestions on how to tweak the program she had for the existing problems we have now.

She is free if we can meet in her chambers (CCB so up the street from City Hall):

July 10
July 16
July 19
July 20

Let us know what works for you. I think it might be best to go during her break anywhere from 12 to 130 or late in the afternoon.

Thanks,
Gita

Subject: 9/22 Team Clean Up - Planning Meeting

Hi all. We are moving forward with our DTLA wide Team Up to Clean Up!

date: 9/22
Breakfast/Greeting from Councilmember from 8 - 930.
Clean up from 930/10 to 1pm.

Our initial planning meeting will be this Friday. I am requesting a little homework on your behalf before our meeting for those of your that represent residential areas. Because of the legal and safety concerns surrounding homeless encampments, we need to review what we want to do per neighborhood.

- Which blocks in your respective areas can we target?
- What tasks can we accomplish?
- BIDS - can we have access to some of your resources to add in that special day. Staffing up to join the effort?
- DEPTS - what resources can we tap into as well.

We hope to really engage some high profile media hosts alongside the Councilmember. We are looking to create a strong message that DTLA is welcoming, our residents, businesses, etc. care about our home and are out there cleaning up.

Please confirm you can make it to the meeting. This Friday at 11am, City Hall. Calendar invite on its way. I look forward to seeing you all then.

Best,

Hi,
I am at the HOPE/SLO training today and Chief Moore said he was in favor of this old program.
It used to be a great program and I think only ended because of funding (lack of bc of the recession). The attorney who ran the program is still on our office. Would you all like to have a brainstorming session with him on what worked and didn't with this quasi diversion program in Skid Row?

The Honorable Mike Feuer, Esq.
Los Angeles City Attorney
800 City Hall East
200 N. Main Street
Los Angeles, CA 90012

Dear Mr. Feuer:

It was a pleasure meeting you at the Fidler Institute seminar in April 2018 at Loyola University Law School when you received a well-deserved honor. I have been a supporter and fan of yours as you worked your way through our political system as a local city councilman, state legislator, and now city attorney.

I own a lot at 550 Stanford Avenue in an area generally known as Skid Row, Downtown Los Angeles. Amongst the sprawling homeless and mentally ill residents surrounding this block between 5th and 6th Streets, there are many small businesses, particularly fish processing companies, produce companies, noodle manufacturers, and light industry factories for buttons, threads, transportation, and towing.

My lot is currently leased to [redacted], owner of Food Connect. He is a wholesaler of vegetables, staples, and sundries to Japanese and American gourmet eateries, markets, and retailers around Los Angeles and Orange Counties. [redacted] accolade as a foodie was his popularization of the micro-vegetable craze of the early 2000s.

For the past year, [redacted] business has been blighted by a criminal element that embeds itself within the homeless tents, preying upon the authentic homeless through intimidation and inducement to consume drugs and carry out criminal activity to support this drug habit by committing such acts as the buying and selling of black market narcotics, sexual enslavement, prostitution, and theft-related crimes.

These criminals deliberately encamp themselves on the block outside of Food Connect's entrance, causing a health hazard for [redacted] food handling business. Their presence deters clientele from patronizing the company because of the stench, litter, loitering, and general appearance of the area. To retain his fast-dwindling clientele, [redacted] has to deliver items to his customers because they are repulsed by sight of the area.

It is evident that these criminals deliberately disrupt [redacted] legitimate business. On Wednesdays, the street people (some authentic homeless, and others - the criminal element) are notified that Thursday is street cleaning day. On Thursday mornings with a police escort the streets are washed down and leftover litter is collected.

At approximately 1 pm on Thursdays after the street cleaners have left, I have witnessed a Cadillac SUV and Toyota pick-up truck returning people and their props to their positions on both sides of the street at 550 Stanford Avenue and south of 553 Stanford.

Officer Padilla of the Central Area Station at 251 E. 6th Street
Los Angeles, CA 90014 has communicated with some of these persons, written tickets, issued citations, begged them to go into rehab, and - on occasion - made arrests for outstanding warrants and violations of probation/parole.

Additionally, the Reset Unit has requested various law-violators to move when their activity and criminality become unbearable. Sargent Hamer, before moving to the Gangs and Narcotics Department, made a concerted effort to encourage the wrong-doers not to interfere with Food Connect's business operation. One of the worst offenders was a person we [redacted] Sargent Hamer and Officer Padilla know this person's actual name. They can supply it to you if needed.

At this time, I understand and respect the fact that the police are overwhelmed with the task of wrangling the homeless and criminal populations on Skid Row while simultaneously providing the law-abiding citizenry/residents and legitimate business people of the area with security and peace of mind. It is a daunting task. The police are further frustrated and hampered by "ombudsmen" who photograph and harass them when they are justifiably confronting irascible thugs. Further, I have been advised that the police's hands are tied and they are unable to provide relief from the homeless problem in Skid Row because of a 9th Circuit Court Ruling that stayed the municipal code section's enforcement mechanism.

In response, some business people have become vigilantes: they have installed water faucets atop their fences to drip water on the homeless campers. Others have gathered rats from steel containers, put feed at their property line abutting the campers' tents and let the rats do the rest. Still others have hired private security agents who constantly wash down the streets making them uninviting to campers. Finally, others have creates false or prolonged construction jobs with allow them to fence off their properties while doing such things as: digging a whole to plant one bird of paradise.

I appeal to you to meet with [redacted] and me and a police representative at 550 and 544 Stanford (Food Connect) to discuss how we can resolve this issue. We are frustrated, confounded, and set back as to why law violators have more rights that we do and we pay a BID tax to maintain this area.

Sincerely,

Homer Mason

Subject: Planning a DTLA Community Clean Up - Sept. 2018

Hi all. Hope this message finds you well. Happy Memorial Day weekend!

I'm starting to prep and would significantly love your help in planning a DTLA Community Clean Up late Sept. 2018 (thinking the 15th or 22nd). Would love to have your opinions and thoughts.

The initial plan is a Saturday am - 8am - 1pm. We select three locations in DTLA, receive basic safety training, head out to clean up and come back to a single location for a quick thank you and pizza party.

Obviously, there are a lot of concerns to navigate but please let me know if you are interested and if so, please mark your calendar for June 22 at 11AM meeting.

Looking forward to hearing back from you.

Best,

Jacob,

Good Afternoon. I hope this message finds you well. Unfortunately, the Councilmember is out of town for the Inspection but asked that I attend to represent him. Please confirm that is ok. Again, I'm happy to bring with me any Congratulation Certificates.

And, can you also confirm with me timing and parking details I will be there.

Hi all,

[redacted] spoke to me about the encampment at 4th and Winston that may be interfering with the construction site. I've attached a photo from this afternoon of what I believe is the area that [redacted] mentioned. There is a big public safety concern that the encampment may get injured by construction activity associated with the dumpster. I'd like to set up a meeting for this Thursday to discuss ways to minimize this possibility including cleanups, enforcement, and sidewalk/street closure permits for the construction Is everyone available to meet at my office at 11:00 am Thursday?

[redacted].

I'm unable to provide legal advice but am able to provide general information regarding the process for filing a restraining order.

To file it you go to the "Restraining Order Center" which is located in Room 245 at 111 N. Hill Street (Civil Court house). It is open M-R 8:00 AM to 12:00 pm and 1:00 pm -3:30 PM; and Friday 8:00 AM to 12:00, and 1:30 PM to 3:30 pm. The court considers TRO's in the morning and afternoon and has cutoff times for the paper work. I believe the cutoff time for the morning is 11:30 AM and the afternoon cutoff time is 3:00 pm. To be on the safe side, you would want to file the paperwork earlier than the cutoff time. The court will then make a consideration yes or no for the TRO and then sets a follow up hearing for the Restraining Order Hearing of which the defendant would have to be served.

The front page of the attachment lists the required forms to fill out and the forms to be left blank for service on the other party.

Section 7 which is on pages 2 & 3 of the CH-100 document asks for a description of the harassment which on the form is defined as such: "Harassment means violence or threats of violence against you, or a course of conduct that seriously alarmed, annoyed, or harassed you and caused you substantial emotional distress. A course of conduct is more than one act."

Page 5, section 13 lists the fee waiver for filing and service that apply.

Colleagues:

About 15 minutes ago, we were alerted to an encampment fire at Father Serra Park, along the 101 Freeway entrance.

LAPD provided very quick response and LAFD is here right now extinguishing the flames.

A Channel 4 NBC van was in the area and also video taped the incident. I didn't see any reporters, only a camera man.

See attached photos.

We have more information: Letter attached. The theme this year will focus on the Intersection of Female Homelessness:
Domestic Violence, Sexual Assault, and Human Trafficking.

They want to honor local female leaders who have selflessly contributed to the lives of women and girls and the most vulnerable
groups among them.

We need to select our 2018 CD14 Awardee and submit her name, contact information, biography, and headshot

to Caroline
Toren (caroline.toren@lacity.org) before February 12th, 2018.

Joella and Martin, this will likely be someone from DTLA service provider, so please take the lead in submitting some good names. We can review them together next week in Directors mtg.

Hello,

On behalf of the Commission on the Status of Women, please join us in celebrating International Women's Day on **Thursday, March 8, 2018,** at our annual Pioneer Women Awards Breakfast in City Hall's Tom Bradley Tower Room.

The last year has demonstrated women's resilience across the city and nation as they raised their voices in defending their rights and bravely confronted sexual harassment. At the Pioneer Women Awards, together with Council members, we look forward to honoring female leaders throughout the City and acknowledging their exemplary contributions.

Please let us know by January 24th who among your staff will serve as liaison to follow up with awardees and event details.

Kind regards,
